Mar is not a fertilizer. It is merely a soil amendment and would be of use on a field where soil was more or less acid.

Approximately 45 per cent of Amherst farmers rent all the land they farm, according to the Department of Agriculture.

**Herd Size Important**  
A healthy, registered bull displaying qualities in a herd, brings many benefits. This applies not merely to the breed selected is needed to lead the grade herd being maintained for the production of beef. At though such a sire may have proved satisfactory, it is best to have a sire after a few years to replace him because he has outlived his usefulness or must be removed to avoid inbreeding. Better results will then be obtained with a bull of similar blood lines, provided, of course, that he has the same qualities as the sire being replaced. This practice tends toward the production of calves of uniform type and quality. It is, therefore, an aid both in the selling of stock and in selecting breeders raised on the farm to replace the cows in the herd.—Missouri Farmer.

**Ration for Dairy Cow**  
Each dairy cow gives a different problem and the amount of grain needed can be determined only by the milk records. In addition to all the roughage, including hay and silage, the animal will eat she is given sufficient grain for maximum production. To determine the proper ration, according to the North Carolina State college, the grain ration should be gradually increased and the daily milk carefully checked. When the milk production is not increased, a check of both increase and decrease of grain will show the proper amount for profitable production.

SPY PHOTOGRAPHS FAIL TO EXCITE US

Washington, — What the United States does not consider military secrets was illustrated a few days since with the release of five Japanese tourists arrested by police in New York when seen making photographs in the Holland tunnel. They were released promptly on their explanation that they were making records of a recreational tour.

As most countries strangers taking photographs are under suspicion as possible spies, this applies not merely to fortifications, but to structures or facilities which have no direct military significance.

Tunnels, bridges, highways and everything connected with transportation are deemed of more or less strategic importance in the event of war, as they are necessary to rapid mobilization. An invading army, for instance, would cut off the water supply of a city; the making of photographs of an aqueduct therefore might be regarded by some nations as an act of espionage.

The Government view.

The attitude of the United States War department seems remarkably lenient to foreign visitors, accustomed to the strict regulations at home. Photographing of fortifications is permitted under certain conditions. Prints may be bought openly and many are reproduced in newspapers and magazines on souvenir postal cards. Not infrequently even aerial views of fortifications are published.

That shall be seen and pictured at any American military post or fort equipped with a camera. The decision of the War department, who is guided by the War department.

Entertained

On Wednesday night, November 13, the officers of the company entertained at the Officers' Quarters in honor of Lieut. and Mrs. John L. Ward, who were recently married. Bridge was enjoyed by the guests and refreshments were served. Soon after the guests had gathered, the men of the company came down to the Quarters and serenaded the bride and groom. Lieut. Ward responded to the serenade in a happy manner and the excitement subsided. Those present, in addition to the honor guests, were Captain and Mrs. Phillips, Lieut. and Mrs. Kneerick, Dr. O'Brien and Miss Switzer, Dr. Swing and Miss McKinney, Mr. and Mrs. House, Mrs. Mann, Mr. and Mrs. I. C. Glenn and Mr. and Mrs. T. F. Ferguson, of Prospect.

Mrs. Coleman

After an illness of several weeks, Mrs. Anne Elizabeth Coleman passed away at the home of her daughter, Mrs. E. F. Charnault, November 5. Funeral services were conducted at the home in Lynchburg and later from Liberty Baptist church, of which Mrs. Coleman was the oldest woman member. Interment was made in the family cemetery near Appomattox. The services at the church were in charge of her pastor Rev. W. M. Thompson, assisted by Rev. R. L. Randolph and Dr. Ernest P. Campbell, of Lynchburg and Rev. W. K. Cunningham.

The following grandsons acted as pallbearers: Wirt Coleman, John Coleman Jr., William T. Coleman, Mr. Ashby Coleman, A. G. Coleman and Russell Ferguson. The flower bearers were: Misses Wini Fred and Marian Coleman, Louise Hollingsworth, Beatrice Coleman, John Hollingsworth, Lillian Davidson, Mrs. Ruth Marvante, Mrs. Anna Harris, Mrs. B. S. Sallist, Mrs. Everett Henderson, Mrs. Flora Abbott, Mrs. Otis Hannatt, Mrs. Judie Glover, and Mrs. Thelma Hammond.

She is survived by the following children: 3—James Mattie A. P. Cousen, Judie E. Chasid, Pauline Hollingsworth, Beatie E. Baldwin, Rita S. Charnault and Messers Joe, W. George T. W. Luther, Randolph and Mace H. Coleman, and by one sister, Mrs. Ruth of Buckingham, and one brother, Rev. T. H. Fitzgerald, now of W. Va.

Shortly after her marriage to the late Thomas A. Coleman, she joined Liberty Baptist church and during its use in that relation to the time of her death. Her was a beautiful faith. It brought her joy, comfort and strength in youth and was a source of unflinching comfort in her old age. Almost to the very last though feeble in body, she retained her mental faculties, and then quietly "fell on sleep."

As a mother and wife she was unexcelled. She was the mother of ten children, and all of whom, were their children and children's children were at the funeral.

Moreover, her children, the very last, though widely scattered frequently found their way back to the old home, bringing many evidences of their affection. Year after year, the 4th of July, a family reunion was held. These occasions brought together many loved ones and friends from many sections of the country, and will be long remembered by those who had the good fortune to attend.

RED CROSS

F. A. O'Brien, chairman of the Red Cross roll call committee for this county, has placed receipts and Red Cross pins in the hands of the chairman for each precinct. It is hard to teach each person in the county, however, so if you wish to enter your name, give \$1.00 or more to any of the workers or send it direct to Mr. O'Brien.

The Red Cross has been a great help to this county in years past and it is hoped that our people will enroll now in large numbers.
